

Saturday, July 14th 1-5 pm

La Cosecha Sacramento, Cesar Chavez Plaza
917 9th Street, Sacramento, CA

Fire, Smoke and Legend will take you on a journey of passion and history, spirit and myth, artistry and magic. It will return you to a time when superstition and reality were one; when we were ruled by the seasons and feared the Gods. A time when ritual protected us from harm while four-hundred drunken rabbit Gods cavorted in the thirteen Heavens and Metztli delivered Luna each night to light the dark sky. It combines the joy of Mexican Plazas with delicious street food and the beautiful elixirs of true México.

It's time to bring Mezcal, Tequila, Sotol, Bacanora, Raicilla and other Mexican spirits to Sacramento and YOU play an essential role!

We invite you to participate in this first annual, soon to be legendary event, which will include at least 50 Spirit vendors providing tastings and delicious Mexican street food on our beautiful shaded Patio.

For each vendor, we'll provide:
